

## **Summer Blast 2020 Covid-19 Policy**

- Parents will be allowed to drop their child off from 7:30-9:30 am. If the camper has an appointment the parent needs to let the Director know 24 hours in advance.
- Pick-Up time will be from 4:30-6:00 pm. Parents are to wait outside or in your car. We will have a coach assisting with pick-up. Also, if your child needs to be picked up early inform the Director 24 hours prior to the early pick-up. Parents will be asked to call the Front Desk and we will have the camper waiting outside for pick-up. Once the camper leaves the Park they must stay with the parent the remainder of the day.
- We will be pre-screening all campers and coaches prior to coming in the building. This will take place outside, we will screen one child at a time, therefore we are asking that you wait in your car during the pre-screening.
- Any coach or camper that has had any Covid 19 symptoms or has been around anyone that has had symptoms will not be allowed in the park for 14 days.
- We will have a coach for check-in to help with pre-screening. The director or assistant director will be available for questions or issues that arise.

- We will have the same coach walk the campers to the cubbies and to their group.
- All groups will have the same coaches, campers, and CITs. There will be limited movement within each group. There will be no moving to another group, coaches will not be allowed to change or visit other groups. The Director and AD will be the floater.
- All campers will wash their hands prior to going to their group, before and after snacks, and lunch, as well as after all activities.
- The cubbies will be numbered. Each camper will be assigned a cubby every day. Siblings will share a cubby.
- We asking that parents send the camper with 2 snacks, a water bottle, a lunch, a towel and an extra change of clothes.
- The campers will be responsible for their own water bottles. We will use the Gatorade containers for water throughout the day. The lead coach is the only one that can dispense water from the container. The container and spout will be wiped after each use.

- Will have an AD, or coach at the front desk to help with snack time and register or answer any questions that arise. We will be on the same page.
- Each group will have their own bins for sports equipment. The equipment will be wiped down after each activity. Also, each group will have their own set of crayons, pencils, markers etc....
- Objects that cannot be cleaned will not be used. It has been suggested to put the bleachers up and have the kids sit on the floor for snacks and lunch.
- Only 2 campers are able to go the restroom at a time. A coach or CIT will accompany them.
- Lunch will not be staggered: K-1 and 2<sup>nd</sup> and 3<sup>rd</sup> upstairs on the Mezzanine separated by the table in the middle, 4<sup>th</sup> and 5<sup>th</sup> in the lounge and 6<sup>th</sup> and up in the Panthers Den. Snack will be the same as lunch.
- We are recommending that coaches do not take any time off during Phase 2 until we get closer to the end of June. Coaches and CITs will be required to attend a two-day mandatory staff orientation prior to camp starting.
- Coaches will be required to do cleaning throughout their shift. Coaches will have cleaning duties for the end of their shift. They will not be allowed to sign the cleaning duty sheet until the Director or Assistant Director has checked behind them.
