

Summer Blast 2021 Covid-19 Policy

- Campers will be allowed to be dropped off from 7:30-9:45 am. If the student has an appointment or will be late the parent needs to let the Director know 24 hours in advance.
- Pick-Up time will be from 4:30-6:00 pm. Parents are to wait in your car. We will call your student to your car. Also, if your child needs to be picked up early inform the Director 24 hours prior to the early pick-up. Parents must let the director know what time you are picking your student up so they can get them ready for pick-up.
- *For now, we are asking parents not to enter the building. As stated, if you need to pick up your student you must let the Director or AD know via phone call or email. Please adhere to the pick-up times unless you have informed us of early pick-up.*
- We will be pre-screening all campers and coaches prior to coming in the building.
- Any coach or camper that has had any Covid 19 symptoms or has been around anyone that has had symptoms will not be allowed in the park for 14 days.

- We will have a coach for check-in to help with pre-screening. The director or assistant director will be available for questions or issues that arise.
- All students will wash their hands prior to going to their group, before and after snacks, and lunch, as well as after all activities.
- We are asking that parents to send their camper with 2 snacks, a water bottle, a lunch, a towel, and an extra change of clothes and mask or buff. Please make sure that your camper's name is on all items.
- The students will be responsible for their own water bottles. We will use the Gatorade containers for water throughout the day.
- The Director, AD, Program Assistant or Coach will be at the Front Desk during check-in, please make sure that you inform the check-in person of any changes, early pick-up times, or any information that you feel they need to know. This will alleviate any parent waiting at the Front Desk at a time when we do not know the parent will be there. We are asking that parents adhere to the check-in and check-out procedures. We will try to have someone there at varies times of the day. Our focus is the students and making sure their needs are meet.

- Each group will have their own bins for sports equipment. The equipment will be wiped down after each activity. Also, each group will have their own set of crayons, pencils, markers etc....
- Objects that cannot be cleaned will not be used. No toys from home will be allowed in the park. Please do not sent any toys, electronics, etc. with your student.
